

APEC CONFERENCE ON ALIGNING ENERGY EFFICIENCY REGULATIONS FOR ICT PRODUCTS

Hyatt Regency, 5 Embarcadero Center, San Francisco, CA
September 12, 2011

With project funding provided by

As hosts of the Asia Pacific Economic Cooperation (APEC) Senior Officials Meetings, the United States invites you to participate in the APEC Conference on Aligning Energy Efficiency Regulations for ICT Products at the Hyatt Regency on Embarcadero, San Francisco, CA.

Bringing together up to 150 participants from the 21 Asia-Pacific member economies, this conference will bring together policy makers, business, and standards and conformity assessment professionals to discuss ways in which APEC members can cooperate to align energy efficiency regulations for ICT products across the region.

Topics covered:

- APEC Reducing Trade Barriers for Environmental Goods and Services in APEC Economies
- Regional Trends and Goals in Energy Efficiency Product Regulation
- Industry Perspectives on Global Energy Efficiency Policy and Regulatory Landscape
- The Role of Global Energy Efficiency Standards in Facilitating Trade in ICT Products
- Aligning Regional Energy Efficiency Product Requirements – Principles and a Path Forward

Attached is the draft agenda for the conference. Conference participants can register at the following link:

The deadline for registration is August 17, 2011.

The Asia Pacific Economic Cooperation (APEC) is the premier economic organization in the Asia Pacific region. APEC fosters growth and prosperity by facilitating economic cooperation and expanding trade and investment throughout the region.

APEC's 21 member economies account for 55 percent of the global GDP, and comprise a market of 2.7 billion consumers
