

Global Standards Information

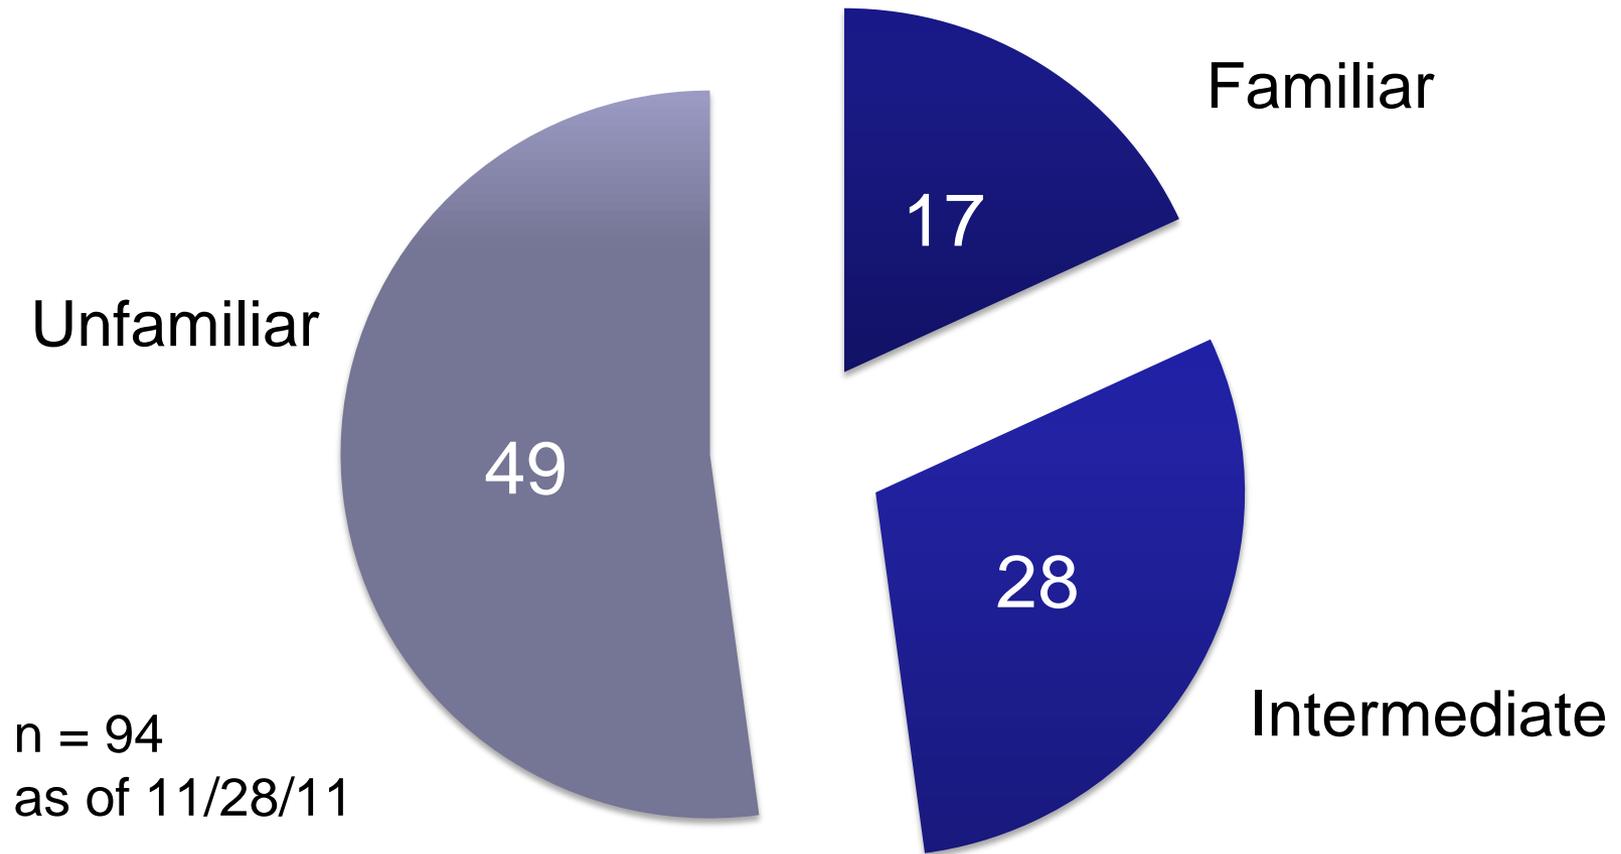

# The Standards Committee Participation Database (SCPD)

Tracking Our Contributions to  
the Global Standards  
Community

# Registration Mini-Survey Results: Familiarity with SCPD

# Why bother?

## For NIST

- Enables strategic standards engagement
- Community builder
- Data repository of standards activities

## Beyond NIST

- Reports staff participation to OMB per the NTTAA
- Demonstrates our commitment to U.S. and international standards systems

- Bruker instrument Demo and Seminar

**Internal News**

**NIST Investigates Allegations from OSHA.** On October 28, 2011, OSHA issued a letter to NIST that documents a report of alleged hazardous working conditions. NIST is required to post a copy of the letter where it will be readily accessible for review by all NIST staff. The appropriate OU senior management has been contacted and a joint investigation into the allegation was conducted by that OU and OSHE personnel. The results of the investigation are forthcoming. For more information, please contact Stephen Banovic at ext. 8822.

**Salute to Veterans.** Everyone is invited to post a picture of themselves or their loved ones who have served in the Veterans Wall of Heroes in the Gaithersburg Flag Hallway, Administration Building from October 15-22. Contact Marie Summerville or visit the [Civil Rights & Diversity Office webpage](#) for more information.

**Preview the Future of Health Care.** On Wednesday, November 9, a presentation titled "Preview the Future of Health Care" will be offered in the Administration Building's Heritage Room at 2 p.m., followed by a question and answer session with a practicing physician who will explain how health care is changing and how you can provide a demonstration of how to better coordinate patient care. This is an opportunity to explore your family's health insurance needs for the new Season. Pre-registration is not required. Spouses are welcome but must be registered by the event.

**Great American Smokeout.** On November 17, at 12 noon, join NIST physician Dr. Basuk (an ex-smoker) in the Education Room for friendly, in-time discussions on smoking. Thinking of quitting? Not easy, but this is informal but informative, with time for Q & A. Give the Health Unit a chance to help you succeed. Program is free of charge for NIST employees and provides physician consultation, nicotine replacement encouragement, support, and website references. Call the Health Unit to register (ext. 5131).

**NIST Colloquium.** On Friday, November 18, at 10:30 a.m., in the Red Auditorium (VTC to Boulder, Room 1107), Hugh Herr, Director, Biomechatronics, MIT Media Lab, will present "The New Era of Human 2.0-- New Minds, New Bodies, and New Identities." Society is at the threshold of a new age when machines will no longer be separate, lifeless mechanisms, but will instead be intimate extensions of the human body. Such a merging of body and machine will not only improve the quality of life for disabled people, but will allow persons with normal physiologies to experience augmented capabilities -- cognitively, emotionally, and physically. Current research is blurring the distinction between "able bodied" and "disabled," demonstrating technologies at the neural-digital interface. For more information, contact Kum Ham at 301-975-4203.

**HR4U Benefits Fair.** On Tuesday, November 22, don't miss the annual HR4U Health Benefits Fair to be held in the Administration Building Heritage Room from 11:30 a.m. to 2:30 p.m. Sponsored by the Office of Workforce Management, this event will include a morning and afternoon seminar on Social Security and the Thrift Savings Plan (TSP). This is your opportunity to learn more about the many available health insurance options, donating on-line to the Combined Federal...

# Standards Services for NIST Staff

## National Institute of Standards and Technology

[Home](#)[Get Standards](#)[InsideNIST](#)[GSI](#)[Standards.gov](#)

### Our Services

[NIST Standards Center](#) Find or obtain standards or other useful information quickly.

[Training for NIST personnel](#) Available on documentary standards, conformity assessment and other related topics. [Email](#) or call (x5503).

### NIST Policies Related to Standards

[Administrative Manual Subchapter 3.02](#) - Membership in Standards Bodies and Professional Organizations

[NIST Policy on Voluntary Standards](#) - Appendix A of Administrative Manual Subchapter 3.02

[Guidelines for NIST Staff \(NISTIR 6778\)](#)

[Ethical Obligations of NIST Staff](#) - Ethical advice regarding behavior, anti-trust and product liability

[Strategic Standards Management](#)

[OU Practice on Supporting Staff Participation](#) - Discusses institutional and individual memberships

### Participating in Standards Activities and in Professional Organizations

NIST encourages staff to participate in national and international standards development activities, and in science and technology organizations relevant to NIST's mission register and manage memberships in external organizations.

#### Staff Participation

NIST Approved [Standards Organizations for Institutional Memberships](#) (Please also check the "NIST Approved Professional Organizations for Institutional Memberships" below.)

# Time to Evolve

We are ready for a new database system

Even more user friendly

Collects and connects more information

Want to give advice or be included on the beta-testing team?

Please contact: Nathalie Rioux [nrioux@nist.gov](mailto:nrioux@nist.gov) x2649

# Polling Question

**Should SSG provide additional training on how to use the SCPD?**

1. Yes, it would be very helpful.
2. No, I think I can muddle through.

0%

1  2

# Polling Question

How often do you use the SCPD to locate other standards committee participants at NIST?

1. Never
2. Once or twice a year
3. More frequently

0%

Thank You
